

ОБАВЕШТЕЊЕ ЗА СТУДЕНТЕ

На основу слика које су обележене у практикуму „Водичу кроз практични испит из анатомије“ састављен је списак анатомских структура које студенти могу имати на практичном делу испита. Студенти су дужни да на испиту напишу назив обележене структуре онако како је наведено на следећем списку.

Шеф Катедре за анатомију

Проф. др Раде Чукурановић

GORNJI EKSTREMITET

• **Mišići**

1. m. pectoralis major sin/dex.
2. m. pectoralis minor sin/dex.
3. m. subclavius sin/dex.
4. m. serratus anterior sin/dex.
5. m. deltoideus sin/dex.
6. m. subscapularis sin/dex.
7. m. teres major sin/dex.
8. m. teres minor sin/dex.
9. m. latissimus dorsi sin/dex.
10. m. trapezius sin/dex.
11. m. supraspinatus sin/dex.
12. m. infraspinatus sin/dex.
13. m. biceps brachii sin/dex.
14. m. coracobrachialis sin/dex.
15. m. brachialis sin/dex.
16. m. triceps brachii sin/dex. –
caput mediale
17. m. triceps brachii sin/dex. –
caput laterale
18. m. triceps brachii sin/dex. –
caput longum
19. m. pronator teres sin/dex.
20. m. flexor carpi radialis sin/dex.
21. m. flexor carpi ulnaris sin/dex.
22. m. flexor digitorum
superficialis sin/dex.
23. m. flexor pollicis longus sin/dex.
24. m. flexor digitorum
profundus sin/dex.
25. m. pronator quadratus sin/dex.
26. m. brachioradialis sin/dex.
27. m. supinator sin/dex.
28. m. extensor carpi radialis
longus sin/dex.
29. m. extensor carpi radialis brevis
sin/dex.
30. m. anconeus sin/dex.
31. m. extensor digitorum sin/dex.
32. m. extensor digiti minimi sin/dex.
33. m. extensor carpi ulnaris sin/dex.
34. m. abductor pollicis longus sin/dex.
35. m. extensor pollicis brevis sin/dex.
36. m. extensor pollicis longus sin/dex.

37. m. extensor indicis sin/dex.
38. m. abductor pollicis brevis sin/dex.
39. m. flexor pollicis brevis sin/dex.
40. m. adductor pollicis sin/dex.
41. m. flexor pollicis longus sin/dex.
42. m. palmaris brevis sin/dex.
43. m. abductor digiti minimi sin/dex.
44. m. flexor digiti minimi
brevis sin/dex.
45. m. lumbricalis sin/dex.

• **Krvni sudovi**

1. a. axillaris sin/dex.
2. v. axillaris sin/dex.
3. a. brachialis sin/dex.
4. v. brachialis sin/dex.
5. v. cephalica sin/dex.
6. a. profunda brachii sin/dex.
7. a. radialis sin/dex.
8. a. ulnaris sin/dex.
9. arcus palmaris superficialis sin/dex.

• **Živci**

1. radix medialis nervi mediani sin/dex.
2. radix lateralis nervi mediani sin/dex.
3. n. medianus sin/dex.
4. n. cutaneus brachii medialis sin/dex.
5. n. axillaris sin/dex.
6. n. musculocutaneus sin/dex.
7. n. radialis sin/dex.
8. n. ulnaris sin/dex.
9. n. cutaneus antebrachii lateralis
sin/dex.
10. n. cutaneus antebrachii medialis
sin/dex.
11. r. superficialis nervi radialis sin/dex.
12. n. digitalis palmaris communis
sin/dex.
13. r. dorsalis nervi ulnaris sin/dex.

GRUDNI KOŠ

• **Mišići i krvni sudovi prednjeg zida grudnog koša**

1. m. intercostalis internus sin/dex.
2. m. transversus thoracis sin/dex.
3. a. thoracica interna sin/dex.

• **Diaphragma**

1. diaphragma – pars sternalis sin/dex.
2. diaphragma – pars costalis sin/dex.
3. centrum tendineum diaphragmatis
4. hiatus aorticus, diaphragma
5. hiatus oesophageus, diaphragma
6. foramen venae cavae, diaphragma

• **Mišići leđa**

1. m. trapezius sin/dex.
2. m. latissimus dorsi sin/dex.
3. m. rhomboideus major sin/dex.
4. m. rhomboideus minor sin/dex.
5. m. levator scapulae sin/dex.
6. m. serratus posterior inferior sin/dex.
7. m. serratus posterior superior sin/dex.
8. m. spinalis sin/dex.
9. m. longissimus sin/dex.
10. m. iliocostalis sin/dex.

• **DUŠNIK I GLAVNE DUŠNICE**

1. pars cervicalis s. colli, trachea
2. pars thoracica, trachea
3. bifurcatio tracheae
4. bronchus principalis sin/dex.
5. cartilago trachealis
6. lig. anulare, trachea
7. paries membranaceus, trachea
8. carina tracheae

• **PLUĆA**

1. lobus superior, pulmo sin/dex.
2. lobus medius pulmonis dextri
3. lobus inferior, pulmo sin/dex.
4. fissura obliqua, pulmo sin/dex.
5. fissura horizontalis pulmonis dextri
6. apex pulmonis, pulmo sin/dex.

7. margo anterior, pulmo sin/dex.
8. lingula pulmonis sinistri
9. margo inferior, pulmo sin/dex.
10. a. pulmonalis sin/dex.
11. v. pulmonalis sin/dex.
12. impressio cardiaca, pulmo sin/dex.
13. otisak jednjaka, pulmo sin/dex.
14. otisak aorte, pulmo sin.
15. žleb leve brahiocefalične vene, pulmo sin.
16. žleb leve potključne arterije, pulmo sin.
17. facies diaphragmatica, pulmo sin/dex.
18. žleb vene azigos, pulmo dex.
19. žleb gornje šuplje vene, pulmo dex.
20. žleb brahiocefaličnog stabla, pulmo dex.
21. žleb donje šuplje vene, pulmo dex.

• **SRCE**

• **Spoljašnji izgled srca**

1. facies sternocostalis s. anterior, cor
 2. facies pulmonalis sinistra, cor
 3. margo dexter cordis
 4. apex cordis
 5. incisura apicis cordis
 6. sulcus interventricularis anterior, cor
 7. sulcus coronarius, cor
 8. auricula dextra, cor
 9. auricula sinistra, cor
 10. pars ascendens aortae
 11. truncus pulmonalis
 12. facies diaphragmatica s. inferior, cor
 13. sulcus interventricularis posterior, cor
 14. arcus aortae
 15. v. cava superior
 16. v. cava inferior
 17. conus arteriosus, ventriculus dexter
- #### • **Desna pretkomora srca**
18. auricula dextra, cor
 19. mm. pectinati, atrium dex.
 20. fossa ovalis, atrium dex.
 21. limbus fossae ovalis, atrium dex.

22. tuberculum intervenosum, atrium dex.
23. crista terminalis, atrium dex.
24. cuspis anterior, valva atrioventricularis dextra s. tricuspidalis
25. cuspis posterior, valva atrioventricularis dextra s. tricuspidalis
26. cuspis septalis, valva atrioventricularis dextra s. tricuspidalis
- **Desna komora srca**
27. cuspis anterior, valva atrioventricularis dextra s. tricuspidalis
28. cuspis posterior, valva atrioventricularis dextra s. tricuspidalis
29. cuspis septalis, valva atrioventricularis dextra s. tricuspidalis
30. crista supraventricularis, ventriculus dexter
31. conus arteriosus, ventriculus dexter
32. valvula semilunaris anterior, valva trunci pulmonalis
33. valvula semilunaris sinistra, valva trunci pulmonalis
34. valvula semilunaris dextra, valva trunci pulmonalis
35. m. papillaris anterior, ventriculus dexter
36. m. papillaris posterior, ventriculus dexter
37. m. papillaris septalis, ventriculus dexter
38. trabecula septomarginalis, ventriculus dexter
- **Leva pretkomora srca**
39. valvula foraminis ovalis, atrium sinistrum
40. auricula sinistra, cor
41. cuspis anterior, valva atrioventricularis sinistra s. mitralis

42. cuspis posterior, valva atrioventricularis sinistra s. mitralis
- **Leva komora srca**
43. valvula semilunaris sinistra, valva aortae
44. valvula semilunaris posterior, valva aortae
45. valvula semilunaris dextra, valva aortae
46. m. papillaris anterior, ventriculus sinister
47. m. papillaris posterior, ventriculus sinister
48. aorta
- **Grada srca**
49. myocardium, ventriculus sin/dex.
50. pericardium serosum – lamina visceralis s. epicardium
- **Srčana kesa**
1. pericardium fibrosum
 2. pericardium serosum – lamina parietalis
 3. sinus transversus pericardii
- **SREDOGRUDE**
1. v. brachiocephalica sin/dex.
 2. oesophagus – pars thoracica
 3. n. phrenicus sin/dex. – pars thoracica
 4. n. vagus sin/dex. – pars thoracica
 5. v. azygos
 6. aorta thoracica
 7. ductus thoracicus – pars thoracica

ABDOMEN

• **MIŠIĆI TRBUHA (MM. ABDOMINIS)**

1. m. obliquus externus abdominis sin/dex.
2. m. obliquus internus abdominis sin/dex.
3. m. transversus abdominis sin/dex.
4. m. rectus abdominis sin/dex.
5. Vagina musculi recti abdominis sin/dex. – lamina anterior
6. Vagina musculi recti abdominis sin/dex. – lamina posterior

• **SLABE TAČKE PREDNJOBOČNOG I ZADNJEK TRBUŠNOG ZIDA**

1. canalis inguinalis sin/dex.
2. crus mediale, anulus inguinalis superficialis sin/dex.
3. crus laterale, anulus inguinalis superficialis sin/dex.
4. lig. teres uteri sin/dex.
5. anulus femoralis sin/dex.

• **TRBUŠNA MARAMICA (PERITONEUM)**

1. plica umbilicalis mediana
2. plica umbilicalis medialis sin/dex.
3. plica umbilicalis lateralis sin/dex.
4. omentum majus

• **ŽELUDAC (GASTER)**

1. curvatura major, gaster
2. curvatura minor, gaster
3. incisura angularis, gaster
4. cardia; pars cardiaca
5. fundus gastricus; fornix gastricus
6. corpus gastricum,
7. antrum pyloricum, gaster
8. canalis pyloricus, gaster
9. pylorus
10. plica gastrica
11. canalis gastricus
12. m. sphincter pyloricus

• **DVANAESTOPALAČNO CREVO (DUODENUM)**

1. pars superior duodeni
2. flexura duodeni superior
3. pars descendens duodeni
4. flexura duodeni inferior
5. pars horizontalis duodeni
6. pars ascendens duodeni
7. plica circularis, duodenum

• **JETRA (HEPAR)**

1. pars anterior, facies diaphragmatica, hepar
2. pars superior, facies diaphragmatica, hepar
3. pars dextra, facies diaphragmatica, hepar
4. margo inferior, hepar
5. lig. teres hepatis,
6. lig. falciforme hepatis,
7. pars posterior, facies diaphragmatica, hepar
8. area nuda, facies diaphragmatica, hepar
9. lig. triangulare sin/dex.
10. lobus quadratus, hepar
11. lobus caudatus, hepar
12. impressio oesophagealis, hepar
13. fissura ligamenti venosi, hepar
14. impressio gastrica, hepar
15. tuber omentale, hepar
16. a. hepatica propria
17. ductus hepaticus communis,
18. fissura ligamenti teretis, facies visceralis, hepar
19. infundibulum vesicae biliaris,
20. corpus vesicae biliaris,
21. fundus vesicae biliaris,
22. impressio colica, hepar
23. impressio duodenalis, hepar
24. ductus cysticus
25. v. portae hepatis
26. v. cava inferior
27. impressio renalis, hepar
28. impressio suprarenalis, hepar

29. lig. venosum
30. sulcus venae cavae, hepar
31. fossa vesicae biliaris, hepar
32. ductus choledochus

• **GUŠTERAČA (PANCREAS)**

1. caput pancreatis
2. collum pancreatis
3. cauda pancreatis
4. processus uncinatus, pancreas
5. incisura pancreatis
6. facies anterosuperior, corpus pancreatis
7. facies posterior, corpus pancreatis
8. facies anteroinferior, corpus pancreatis
9. margo superior, corpus pancreatis
10. margo anterior, corpus pancreatis
11. margo inferior, corpus pancreatis
12. a. splenica
13. v. splenica
14. v. mesenterica superior
15. v. mesenterica inferior
16. v. portae hepatis
17. ductus choledochus

• **SLEZINA (SPLEN; LIEN)**

1. extremitas anterior, splen
2. extremitas posterior, splen
3. margo superior, splen
4. margo inferior, splen
5. facies gastrica, splen
6. facies renalis, splen
7. facies colica, splen
8. a. splenica

• **BUBREG (REN; NEPHROS)**

1. margo lateralis, ren sin/dex.
2. margo medialis, ren sin/dex.
3. hilum renale, ren sin/dex.
4. facies anterior, ren sin/dex.
5. facies posterior, ren sin/dex.
6. extremitas s. polus superior, ren sin/dex.
7. extremitas s. polus inferior, ren sin/dex.
8. pelvis renalis sin/dex.
9. ureter sin/dex., pars abdominalis
10. a. renalis sin/dex.
11. v. renalis sin/dex.
12. v. testicularis dex. / sin

13. v. ovarica sin/dex.
14. gl. suprarenalis sin/dex.
15. cortex renalis,
16. columna renalis
17. pyramis renalis
18. calix renalis minor
19. calix renalis major

• **RETROPERITONEALNI
PROSTOR (SPATIUM
RETROPERITONEALE)**

1. ren sin/dex.
2. gl. suprarenalis sin/dex.
3. pelvis renalis sin/dex.
4. ureter sin/dex., pars abdominalis
5. aorta abdominalis,
6. a. mesenterica superior
7. a. mesenterica inferior
8. a. iliaca communis sin/dex.
9. a. renalis sin/dex.
10. v. cava inferior
11. v. renalis sin/dex.
12. v. testicularis sin/dex.
13. v. ovarica sin/dex.
14. truncus coeliacus
15. m. psoas major sin/dex.

KARLICA

• **KARLICA – MIŠIĆI, KRVNI
SUDOVI I ŽIVCI**

1. m. iliacus sin/dex.
2. m. psoas major sin/dex.
3. m. piriformis sin/dex.
4. n. genitofemoralis sin/dex.
5. n. cutaneus femoris lateralis sin/dex.
6. n. femoralis sin/dex.
7. n. obturatorius sin/dex.
8. a. iliaca externa sin/dex.
9. v. iliaca externa sin/dex.
10. a. iliaca interna sin/dex.
11. v. iliaca interna sin/dex.
12. a. umbilicalis sin/dex.
13. a. obturatoria sin/dex.
14. a. glutea superior sin/dex.
15. a. glutea inferior sin/dex.
16. a. pudenda interna sin/dex.

17. ductus deferens sin/dex.

18. ureter sin/dex.

• **MOKRAĆNA BEŠIKA (VESICA URINARIA)**

1. apex vesicae urinariae
2. fundus vesicae urinariae
3. corpus vesicae urinariae
4. cervix vesicae urinariae

• **ČMARNI KREVO (RECTUM) ČMARNI KANAL (CANALIS ANALIS)**

1. colon sigmoideum
2. plica transversa recti
3. ampulla recti
4. canalis analis

• **UNUTRAŠNJI ŽENSKI POLNI ORGANI (ORGANA GENITALIA FEMININA INTERNA)**

1. ovarium sin/dex.
2. tuba uterina sin/dex.
3. fundus uteri
4. corpus uteri, facies intestinalis
5. corpus uteri, facies vesicalis
6. cavitas uteri
7. portio supravaginalis cervicis
8. portio vaginalis cervicis
9. canalis cervicis uteri
10. ostium uteri
11. fornix vaginae – pars anterior
12. fornix vaginae – pars posterior
13. paries anterior, vagina
14. paries posterior, vagina
15. lig. latum uteri sin/dex.
16. lig. teres uteri sin/dex.
17. excavatio rectouterina

• **SPOLJAŠNJI ŽENSKI POLNI ORGANI (ORGANA GENITALIA FEMININA EXTERNA)**

1. mons pubis
2. labium majus pudendi sin/dex.
3. labium minus pudendi sin/dex.
4. urethra feminina

• **UNUTRAŠNJI MUŠKI POLNI ORGANI (ORGANA GENITALIA MASCULINA INTERNA)**

1. extremitas s. polus superior, testis sin/dex.
2. extremitas s. polus inferior, testis sin/dex.
3. facies medialis, testis sin/dex.
4. margo anterior, testis sin/dex.
5. margo posterior, testis sin/dex.
6. caput epididymidis, sin/dex.
7. corpus epididymidis, sin/dex.
8. cauda epididymidis, sin/dex.
9. ductus deferens sin/dex.
10. ampulla ductus deferentis sin/dex.
11. vesicula seminalis s. gl. vesiculosa s. gl. seminalis sin/dex.
12. prostata
13. funiculus spermaticus sin/dex.

• **SPOLJAŠNJI MUŠKI POLNI ORGANI (ORGANA GENITALIA MASCULINA EXTERNA)**

1. radix penis
2. dorsum penis
3. facies urethralis, penis
4. corpus cavernosum penis sin/dex.
5. corpus spongiosum penis
6. glans penis
7. preputium penis
8. pars prostatica urethrae masculinae
9. pars spongiosa urethrae masculinae
10. scrotum

1. n. transversus colli sin/dex.
2. n. phrenicus sin/dex. – pars cervicalis
3. ansa cervicalis sin/dex. – radix superior
4. n. cervicalis tertius sin/dex.
5. n. cervicalis quartus sin/dex.
6. plexus brachialis sin/dex.
7. n. thoracicus longus sin/dex.

• **Truncus sympatheticus**

1. ganglion cervicale superius sin/dex.

• **CAVITAS NASI**

1. vestibulum nasi sin/dex.
2. limen nasi sin/dex.
3. carina nasi sin/dex.
4. concha nasalis media sin/dex.
5. concha nasalis inferior sin/dex.
6. meatus nasi medius sin/dex.
7. meatus nasi inferior sin/dex.
8. meatus nasopharyngeus sin/dex.
9. sinus frontalis sin/dex.
10. sinus sphenoidalis sin/dex.

- **PHARYNX**

- **Pharynx – pars nasalis**

1. fornix pharyngis
2. ostium pharyngeum tubae auditivae sin/dex.
3. torus tubarius sin/dex.
4. plica salpingopharyngea sin/dex.

- **Pharynx – pars oralis**

5. arcus palatoglossus sin/dex.
6. arcus palatopharyngeus sin/dex.

- **Pharynx – pars laryngea**

7. prominentia laryngea pharyngis
8. oesophagus – pars cervicalis

- **CAVITAS ORIS**

1. palatum durum
2. palatum molle
3. uvula palatina
4. vestibulum oris – fornix superior
5. vestibulum oris – fornix inferior
6. labium superius
7. labium inferius
8. m. buccinator sin/dex.

- **Diaphragma oris**

9. m. geniohyoideus sin/dex.
10. m. mylohyoideus sin/dex.
11. m. digastricus sin/dex. – venter anterior

- **Lingua**

12. apex linguae
13. corpus linguae
14. radix linguae
15. sulcus terminalis
16. dorsum linguae (pars anterior s. pars presulcalis)

17. dorsum linguae (pars posterior s. pars postsulcalis)

18. plica glossoepiglottica lateralis sin/dex.

19. plica glossoepiglottica mediana

20. vallecula epiglottica sin/dex.

21. margo linguae sin/dex.

22. facies inferior linguae

- **Velike pljuvačne žlezde**

21. glandula submandibularis sin/dex.

22. ductus submandibularis sin/dex.

23. glandula sublingualis sin/dex.

24. glandula parotidea sin/dex.

25. ductus parotideus sin/dex.

- **LARYNX**

1. membrana thyrohyoidea

2. epiglottis

3. cartilago thyroidea

4. cartilago cricoidea – lamina

5. cartilago arytenoidea sin/dex.

6. m. cricothyroideus sin/dex.

7. plica aryepiglottica sin/dex.

8. recessus piriformis sin/dex.

9. vestibulum laryngis

10. plica vestibularis sin/dex.

11. ventriculus laryngis sin/dex.

12. plica vocalis sin/dex.

13. cavitas infraglottica

14. gl. thyroidea – lobus sin/dex.

15. gl. thyroidea – isthmus

16. trachea – pars cervicalis s. colli

CENTRALNI NERVNI SISTEM

• **PRODUŽENA MOŽDINA**

1. decussatio pyramidum, medulla oblongata
2. fissura mediana anterior, medulla oblongata
3. pyramis medulae oblongatae s. bulbi sin/dex.
4. foramen caecum medullae oblongatae
5. sulcus bulbopontinus
6. sulcus anterolateralis sin/dex., medulla oblongata
7. n. facialis sin/dex.
8. n. vestibulocochlearis sin/dex.
9. oliva sin/dex., medulla oblongata
10. striae medullares ventriculi quarti sin/dex.
11. sulcus limitans sin/dex., fossa rhomboidea
12. tuberculum gracile sin/dex., medulla oblongata
13. tuberculum cuneatum sin/dex., medulla oblongata
14. fasciculus gracilis sin/dex., medulla oblongata
15. fasciculus cuneatus sin/dex., medulla oblongata
16. sulcus medianus posterior, medulla oblongata
17. sulcus intermedius posterior sin/dex., medulla oblongata
18. sulcus posterolateralis sin/dex., medulla oblongata
19. trigonum nervi vagi s. vagale sin/dex.
20. trigonum nervi hypoglossi sin/dex.
21. area vestibularis sin/dex, fossa rhomboidea
22. sulcus medianus fossae rhomboideae
23. sulcus retroolivaris sin/dex, medulla oblongata
24. area retroolivaris sin/dex, medulla oblongata
25. funiculus lateralis sin/dex, medulla oblongata

• **MOŽDANI MOST**

1. sulcus basilaris, pons
2. eminentia pyramidalis sin/dex, pons
3. fossa prepontina
4. n. trigeminus sin/dex.
5. eminentia medialis sin/dex, fossa rhomboidea
6. pedunculus cerebellaris superior sin/dex.
7. colliculus facialis sin/dex, fossa rhomboidea
8. pedunculus cerebellaris medius sin/dex.

• **MALI MOZAK**

1. lobus cerebelli anterior,
2. fissura prima s. preclivalis cerebelli
3. fissura horizontalis s. intercruralis cerebelli
4. lobus cerebelli posterior
5. lingula cerebelli
6. flocculus sin/dex.
7. tonsila cerebelli s. paraflocculus ventralis sin/dex.
8. nodulus cerebelli
9. fastigium

• **ČETVRTA MOŽDANA KOMORA**

1. vellum medullare superius

• **SREDNJI MOZAK**

1. sulcus nervi oculomotorii sin/dex.
2. fossa interpeduncularis
3. crus cerebri sin/dex.
4. colliculus superior sin/dex.
5. colliculus inferior sin/dex.
6. brachium colliculi inferioris sin/dex.
7. n. trochlearis sin/dex.
8. trigonum lemnisci lateralis sin/dex.
9. sulcus lateralis mesencephali sin/dex.
10. tegmentum mesencephali
11. substantia nigra sin/dex.

12. aqueductus mesencephali s. cerebri
13. n. oculomotorius sin/dex.
14. lamina quadrigemina s. lamina tecti

DIENCEPHALON

- **Diencephalon – ventralna strana**

1. chiasma opticum
2. tractus opticus sin/dex.
3. corpus mammillare sin/dex.
4. tuber cinereum
5. infundibulum
6. n. opticus sin/dex.

- **Diencephalon – sagitalni presek**

7. commissura posterior s. epithalamica
8. glandula pinealis
9. pulvinar thalami sin/dex.
10. thalamus sin/dex. – unutrašnja strana
11. thalamus sin/dex. – gornja ili dorzalna strana
12. stria medullaris thalami sin/dex.
13. sulcus hypothalamicus sin/dex.
14. tuberculum anterius thalami sin/dex.
15. foramen interventriculare sin/dex.
16. adhaesio interthalamica
17. area preoptica sin/dex.
18. recessus opticus
19. chiasma opticum
20. tuber cinereum
21. corpus mammillare sin/dex.

TELENCEPHALON

- **Facies superolateralis – lobus frontalis**

1. polus frontalis sin/dex.
2. sulcus centralis sin/dex.
3. gyrus precentralis sin/dex.
4. sulcus precentralis sin/dex.
5. gyrus frontalis superior sin/dex.
6. sulcus frontalis superior sin/dex.

7. gyrus frontalis medius sin/dex.
8. sulcus frontalis inferior sin/dex.
9. gyrus frontalis inferior sin/dex. – pars orbitalis
10. gyrus frontalis inferior sin/dex. – pars triangularis
11. gyrus frontalis inferior sin/dex. – pars opercularis
12. sulcus lateralis sin/dex. – ramus anterior
13. sulcus lateralis sin/dex. – ramus ascendens
14. sulcus lateralis sin/dex. – ramus posterior

- **Facies superolateralis – lobus temporalis**

15. polus temporalis sin/dex.
16. sulcus temporalis superior sin/dex.
17. sulcus temporalis inferior sin/dex.
18. gyrus temporalis superior sin/dex.
19. gyrus temporalis medius sin/dex.
20. gyrus temporalis inferior sin/dex.

- **Facies superolateralis – lobus parietalis**

21. sulcus postcentralis sin/dex.
22. sulcus intraparietalis sin/dex.
23. incisura preoccipitalis sin/dex.
24. gyrus postcentralis sin/dex.
25. lobulus parietalis superior sin/dex.
26. gyrus supramarginalis sin/dex.
27. gyrus angularis sin/dex.

- **Facies superolateralis – lobus occipitalis**

28. polus occipitalis sin/dex.
29. sulcus occipitalis transversus sin/dex.

- **Telencephalon – lobus insularis**

30. gyri breves insulae sin/dex.
31. sulcus centralis insulae sin/dex.
32. gyrus longus insulae sin/dex.
33. sulcus circularis insulae sin/dex.
34. limen insulae sin/dex.

- **Telencephalon – facies medialis**

- 35. sulcus cinguli sin/dex.
- 36. sulcus subparietalis sin/dex.
- 37. sulcus corporis callosi sin/dex.
- 38. sulcus hippocampalis sin/dex.
- 39. sulcus parietooccipitalis sin/dex.
- 40. sulcus calcarinus sin/dex.
- 41. gyrus frontalis medialis sin/dex.
- 42. lobulus paracentralis sin/dex.
- 43. precuneus sin/dex.
- 44. cuneus sin/dex.
- 45. gyrus lingualis sin/dex.
- 46. area subcallosa sin/dex.
- 47. gyrus cinguli sin/dex.
- 48. isthmus gyri cinguli sin/dex.
- 49. gyrus parahippocampalis sin/dex.

- **Telencephalon – facies inferior**

- 50. gyrus rectus sin/dex.
- 51. sulcus olfactorius sin/dex.
- 52. sulcus orbitalis sin/dex.
- 53. gyrus orbitalis sin/dex.
- 54. gyrus occipitotemporalis lateralis sin/dex.
- 55. sulcus occipitotemporalis sin/dex.
- 56. gyrus occipitotemporalis medialis sin/dex.
- 57. sulcus collateralis sin/dex.

- **Telencephalon – rhinencephalon**

- 58. bulbus olfactorius sin/dex.
- 59. tractus olfactorius sin/dex.
- 60. trigonum olfactorium sin/dex.

- **Commissurae telencephali**

- 61. corpus callosum – rostrum
- 62. corpus callosum – genu
- 63. corpus callosum – truncus
- 64. corpus callosum – splenium
- 65. fornix
- 66. commissura anterior cerebri
- 67. septum pellucidum

- **Telencephalon – grada**

- 68. nc. caudatus

- 69. putamen – nc. lentiformis
- 70. globus pallidus nc. lentiformis
- 71. claustrum
- 72. thalamus
- 73. capsula interna (crus anterius)
- 74. capsula interna (genu)
- 75. capsula interna (crus posterius)
- 76. capsula externa
- 77. capsula extrema
- 78. centrum semiovale
- 79. sulcus hippocampalis
- 80. sulcus collateralis
- 81. hippocampus
